## **B) Grading:**

The Department of Anatomy & Cell Biology will **NOT** revise/upgrade marks, except on sound academic grounds. Once computed, the marks in this course will **NOT** be altered/increased arbitrarily. Decimal points will be “rounded off” as follows: if the final aggregate mark is computed to be 79.5%, the mark will be reported as 80% (an A-); a final aggregate mark of 79.4% will be reported as 79% (a B+). These marks are **FINAL and non-negotiable**.

Please see the full policy, including information on valid documentation requirements here:

For information regarding regrading, please refer to the [University policies regarding reassessments of coursework & rereads of final exams](#).
