2.6 About Admission Regulations for Certificate Programs

To be admitted to one of the 30-credit certificate programs offered by the *Career and Professional Development*

- Have you been attending school, for at least four consecutive years, at an accredited educational institution (in a non-English speaking country) where English is the language of instruction?
- Have you obtained an undergraduate degree from an accredited educational institution where the language of instruction in your program of study was English (minimum three years)?
- Have you obtained a graduate degree from an accredited educational institution where the language of instruction in your program of study was English (minimum two years)?

Applicants to *Career and Professional Development* who do not meet any of the above-listed conditions must demonstrate proficiency in English using **one** of the follo

Students who believe that they have taken the equivalent of one or more of the corequisites to the program, or one or more of the prerequisite courses that are not part of the program to which they have applied, may tak

Students wishing to apply for advanced standing must complete an Advanced Standing form at the time of admission. Evaluation requests received after this time will not be considered before registration and will be delayed until the following session. Requests will not be considered unless a student has applied to a program and must be accompanied by all required documentation.

Note: The evaluation process takes at least six weeks to complete.

2.6.11 Advanced Standing and Residency Requirement

A) Students transferring to McGill:

Advanced Standing of up to 30% of the courses in any one certificate program may be awarded for successfully completed equivalent study done at another university within the last five years.

B) Students transferring within McGill:

1. Students who withdraw from a certificate program may transfer credit to another certificate with no limit to the number of credits granted provided the courses are identical, were completed within the last five years and all other requirements of the new certificate are met.
2. Students who withdraw from a degree or diploma program and those who have completed a degree program and who have successfully completed courses appropriate to the content, standards, and other requirements of a particular certificate may apply and be awarded credit toward that certificate program up to and including five courses provided they were completed within the last five years. They must complete a minimum of five courses (15 credits) in the certificate program at the School of Continuing Studies after admission to that program.
3. Students who have completed a diploma or certificate program may apply for admission to a second certificate program and be given Advanced Standing (if applicable) up to a maximum of 9 credits (three courses) provided the courses were completed within the last five years.

Students wishing to transfer from a diploma program to a certificate program will receive Advanced Standing only for those courses in which they obtained the minimum passing grade required in the diploma program.

C) Students taking two programs concurrently:

1. Students may apply for admission to and register in more than one certificate program at a time. Where program course requirements overlap, credit may be granted up to a maximum of three courses (9 credits). Students may be granted exemption for overlapping courses in excess of 9 credits but must choose substitute courses with the approval of *Career and Professional Development*. Courses cannot be counted more than twice.
2. Students may be concurrently registered in a certificate and degree program. Courses taken at the School of Continuing Studies and approved for the degree program by the Associate Dean, which also meet the requirements of the certificate, may also be counted toward completion of the certificate. This form of double counting between certificate and degree programs is limited to five courses. Courses cannot be counted more than twice.

D) Students admitted to degree or diploma programs after completing a certificate program:

Students who apply for admission to a degree or diploma program after having completed a certificate program may be granted Advanced Standing at the discretion of the Associate Dean of the faculty in which the degree or diploma is offered.

E) Special Students:

Please consult [School of Continuing Studies > Getting Started > Admission requirements > : Special Student Status](#) for more information pertaining to Special Students.

2.6.12 Corequisite

This refers to academic course requirements that may be completed before or concurrently. In course terminology, this means that Course A is corequisite to Course B if Course A must be taken concurrently with (or may have been taken prior to) Course B.

2.6.13 Corequisites for Programs

Certain programs require specific corequisites. These may be completed after admission to the program. It is highly recommended that students complete all corequisite courses for a program at the beginning of the program.

2.6.14 Prerequisites for Courses

Admission to certain courses is restricted to students who have reached a certain level of knowledge by having completed other required work. In course terminology, this means that Course A is prerequisite to Course B if a satisfactory pass in Course A is required for admission to Course B.

The prerequisite course(s) or conditions are specified in the course description; see [University Regulations and Resources > Continuing Studies > Registration for Continuing Studies Students > : Course Information and Regulations](#). Students must observe these prerequisites. If you fail to meet the prerequisite requirement, you will be denied permission to register in the course. Students unsure of their status with regard to a prerequisite must inquire at the School of Continuing Studies.

2.6.15 Required Courses

Programs may frequently be comprised of a number of required courses. In course terminology these represent mandatory courses that must be completed to fulfill the requirements of a program unless the student receives an exemption(s).

2.6.16 Complementary Courses

Programs may be comprised of a number of complementary courses. These are courses selected from a restricted list, a particular subject area, or a discipline. In some programs, students must include a number of these complementary courses to meet program requirements.

2.6.17 Course Load

All our programs are structured to be taken on a part-time basis. Therefore, students are advised to register for no more than two courses per term. If, however, a student with a special reason wishes to take a full-time load, the following conditions are applicable:

- A student would be permitted, if the schedule allows it, to register for a full load in the first term.
- If a student then has one failure, the course load will be reduced to three courses in the subsequent term.
- If a student has two failures, the course load would be reduced to two in the subsequent term.
- If a student has three failures, the course load would be reduced to one in the subsequent term and the student would not be permitted any further failures.
- If a student has accumulated four failures, the student will be asked to withdraw.

 **Note:** The number of failures will be cumulative over the complete record. A failure is defined as being a grade less than C (55%) for any student pursuing an undergraduate certificate program.

2.6.18 Information Sessions

Information sessions are held throughout the year. This is an opportunity for you to learn more about specific programs and courses and to talk to academic advisers. Members of the *Career and Professional Development* staff will be available to explain and discuss the requirements of the various programs and courses of must include a nur27.634requirements oh360.0 1 67.Fw134 T3Ao talk 17.634 T7.634 Tm(f will be a)21f188 67.Fw134 T390.703 Tm(v)T11 0 067.Fw134 T

3.1.11.8 Diploma in Management – Public Relations and Communications Management Concentration

Currently under review. Admissions will not be accepted for this academic year.

This concentration offers students an opportunity to gain knowledge in the fundamental and most frequently applied areas of specialization in public relations.

Admission Requirements – Diploma in Management – Public Relations and Communications Management Concentration

In addition to the admission requirements stipulated in [section 3.1: Graduate Programs](#) > [section 3.1.1: Admission Requirements – Diploma Programs](#), students must have an undergraduate degree in an area other than Commerce or equivalent.

3.1.11.8.1 Diploma in Management — Public Relations and Communications Management Concentration (30 credits)

Currently under review. Admissions will not be accepted for this academic year.

The Diploma in Management with a Public Relations and Communications Management Concentration enhances students' communication and effectiveness, which will help them learn to supervise or work closely with communicators in their workplace. While some skills are taught, major emphasis is placed on the strategic aspects of public relations. Students intending to follow a public relations career are advised to take the Diploma in Management with a Public Relations and Communications Management Concentration in order to equip themselves more fully for professional practice. Courses in the Diploma in Management (Public Relations and Communications Management concentration) program are the same as those offered to career-track PR students, giving management students the opportunity to share their learning experience with future public relations professionals. In addition, instructors are all experienced, active practitioners in the field who will introduce students to guest speakers and real projects in industry.

Note: Corequisite courses are not included in the total credit requirement for the program.

3.2 Academic Regulations

In general, diplomas offered by the *Career and Professional Development* unit are comprised of ten courses. Some programs, however, have corequisite and prerequisite courses that must be completed by the students in order for them to obtain their certificate or diploma.

Students who believe that they have taken the equivalent of one or more of the corequisites to the program, or one or more of the prerequisite courses that are not part of the program to which they have applied, may take an *Exemption by Examination* test. Students who have failed any of the corequisite courses to the program, or any of the prerequisite courses that are not part of the program to which they have applied, are not eligible to take the Exemption by Examination test for the course(s) that they have failed.

The Exemption by Examination test is intended for students who do not have the requisite academic background required, but who believe that they have

3.2.6.3 Special Students

Special Students must complete all courses, including corequisite and prerequisite courses, with a minimum passing grade of B-. Students will be permitted a maximum of two unsatisfactory grades on their academic record. Students who obtain three unsatisfactory grades will be asked to withdraw from *Career and Professional Development* immediately. In this context, an unsatisfactory grade is deemed to be any grade below that of a B-. Please note that even if an unsatisfactory grade is improved by means of repetition of the course(s), the original grade remains on the student's record and counts toward the total number of unsatisfactory grades.

Students who have failed to comply with the minimum standards set by *Career and Professional Development* may not continue in their program and will have their registration cancelled. Once a student is asked to withdraw he/she will not be permitted to register in other courses or programs in *Career and Professional Development*, nor will they be permitted to exercise deferral privileges for the following term.

McGill University's School of Continuing Studies affirms the right of students to dispute substantive or procedural academic matters, including decisions about the student's continuation in a program; or concerning any other decision with respect to the application of academic regulations and requirements to a student. A formal academic appeal must be made in writing directly to the *Career and Professional Development* Appeal Committee. This request must be accompanied by supporting documentation which substantiates reinstatement.

3.2.6.4 Time Limits

For a single diploma requiring 30 credits, the program must be completed within four years of initial registration. For a single graduate certificate program requiring 15 credits, the program must be completed within two years of initial registration. Time limits will be adjusted accordingly for those students who are granted Advanced Standing, or who transfer from one program to another. Students exceeding the time limits may request an extension, in writing, to the graduate adviser. A recommended revision of the program of study must be approved by the Director.

Students who do not register for any course in their program for one year will be required to reapply and meet any new program requirements.

Corequisite

This refers to academic requirements that may be completed before or concurrently.
